PROFESSIONAL SUMMARY

IT support professional with experience troubleshooting hardware, software, account access, and network issues for on-site and remote users. Combines clear customer communication with hands-on experience in Windows, macOS, Microsoft 365, identity management, and ticket documentation. Builds AWS projects using Python and Terraform.

TECHNICAL SKILLS

Support: Tier 1 / Tier 2 troubleshooting, remote support, onboarding/offboarding, asset tracking, runbooks

Systems & access: Windows 10/11, macOS, Microsoft 365, Active Directory, Entra ID, Google Workspace, Okta, SSO/MFA

Tools & networking: ServiceNow, Zendesk, Jira, Jamf, Intune, Kandji; TCP/IP, DNS, DHCP, VPN, RDP

Cloud & scripting: AWS, Python/Boto3, PowerShell, SQL, Terraform, Git/GitHub, GitHub Actions

PROFESSIONAL EXPERIENCE

Junior IT Support Specialist | Debt RX, Maryland | Oct 2023 - Sep 2026

- Provided Tier 1 and Tier 2 support for 70+ employees, troubleshooting hardware, software, account access, and connectivity issues in person and remotely.
- Handled 20-50 support tickets daily within a team queue of 200-300 tickets; logged, prioritized, and tracked incidents in ServiceNow, Zendesk, and Jira, documenting findings for escalation.
- Managed accounts, permissions, and password resets in Active Directory; supported Entra ID, Microsoft 365, Google Workspace, and Okta SSO/MFA access.
- Configured and supported Windows and macOS devices using Kandji, Jamf, and Intune; handled device setup, asset tracking, and employee onboarding/offboarding.
- Diagnosed DNS, DHCP, Wi-Fi, VPN, and remote-access issues using ipconfig, ping, and command-line tools.
- Used SQL to investigate missing, duplicate, or inconsistent application records and validate data before and after approved changes; used PowerShell for support tasks.
- Wrote runbooks and how-to guides, explained solutions to non-technical users, and followed up on unresolved issues.

Assistant Manager / Manager / Shift Lead | McDonald's, Maryland | Aug 2021 - Oct 2023

- Progressed from crew member through shift leadership and management roles; led teams, trained new employees, and supported scheduling and onboarding.
- Resolved customer complaints calmly and explained solutions clearly in a fast-paced service environment.

TECHNICAL PROJECTS

AWS IT Help Desk Platform | Python/Boto3, API Gateway, Lambda, DynamoDB, Terraform

- Built a help desk API to create, classify, assign, escalate, and track tickets; used IAM for access control and CloudWatch for troubleshooting.

CloudGuard - AWS Security & Cost Auditor | Lambda, EventBridge, SNS, Terraform

- Built a serverless tool to flag public S3 buckets, open security-group ports, IAM users without MFA, and unused AWS resources; added email reports and automated tests.

CERTIFICATION & EDUCATION

AWS Certified CloudOps Engineer - Associate | Issued Aug 2026; expires Aug 2029

Associate of Science, Computer Science | Frederick Community College, Maryland | Jan 2024 - Jun 2026
